RECORD IS IN DANGER

Lusitania May Set New Mark
for Ocean Greyhounds.

ON HER MAIDEN VOYAGE

Giant Turbine Steamer Headed for
New York at a High Rate of Speed.
Expected to Make the Trip From
Queenstown in Less Than Five Days.

New York, Sept. 12.—The giant
turbine steamer Lusitania, which is
buffeting her way across the Atlantic
on her first trip to America, has
"found herself." Unlike most steam-
ers, the big liner has been shaken to-
gether on the first trip and is making
the best time ever made on a west-
bound journey across the Atlantic.
For the twenty-four hours ending at
noon Wednesday the run of the ship
was 570 knots, an average of 23 1/2
knots an hour, and with beautiful
weather forecasted, there is little
doubt that the ship will reach Sandy
Hook lightship under five days for the trip.

The present record of speed across
the Atlantic, westward, is held by the
Deutschland of the Hamburg-Ameri-
can line, and is 5 days, 11 hours and
54 minutes, but because of the fact
that the route covered by German
ships is 236 miles longer than the
route from Queenstown, the Lusitania
must beat the Deutschland's record by
at least 11 hours in actual time. If
the Lusitania keeps up her present
speed her time from Queenstown will
beat that of the Deutschland from
Cherbourg by 14 hours and 19 min-
utes, giving her the record by more
than three hours.

Lucania Badly Beaten.

The Cunard liner Lucania, the hold-
er of the line's record for the trip,
which left Queenstown shortly before
the Lusitania, reported by wireless off
Cape Race at 3 o'clock Wednesday af-
ternoon. At the present rate of speed
maintained by the two ships, the
Lusitania should arrive at least twenty
hours ahead of the Lucania.

When the Marconi wireless station
at Sable Island came into communica-
tion with the Lusitania at 11:20 p. m.
Eastern time, the steamer was 150
miles east. All were well on board
and the vessel was rushing at high
speed on her record-breaking passage
to New York.

An unofficial press report from the
wireless telegraph station at Sable
Island received here stated that the
Lusitania was 150 miles east of that
point at 11:20 o'clock, Eastern time,
Wednesday night. Apparently the
speed of the ship has been materially
lessened.

Lieutenant Colonel William L. Mar-
shal, the army engineer in charge of
the Ambrose channel, says that the
channel will be ready Friday morning
and the Lusitania will come in through
this channel. After that the channel
will be formally declared open for ves-
sels not drawing less than 29 feet
and having a length of at least 600 feet.

Will Build a Larger Vessel.

Belfast, Sept. 12.—The shipbuilding
firm of Harland & Wolff admit that
they are at work upon plans for a
White Star steamer that is to be big-
ger than the Lusitania. The keel of
this vessel is to be laid in a few
months and she will be fitted with
reciprocating engines and turbines.

TRAGEDY ENDS HONEYMOON

Young Bride Drowned in the Delaware
River.

Philadelphia, Sept. 12.—Mrs. Mar-
guerite Croft, bride of a few weeks
and wife of John Croft, 124 Casino
street, New York, was swept over-
board from a yacht in the Delaware
river here and drowned. Mrs. Croft
and her husband were on their honey-
moon as guests of C. M. W. Bennett
of this city on the yacht. The yacht
was opposite the Greenwich coal
piers when a heavy storm broke and
the halyards were torn loose. The
boat jibed and the boom swung around
and struck Mrs. Croft, knocking her
into the water. Mr. Croft plunged
after her and Bennett launched a
small boat, but the efforts to save the
young bride were futile.

AGAINST ALL ASIATICS.

Feeling in Vancouver Not Against the
Japanese in Particular.

Ottawa, Ont., Sept. 12.—Sir Wilfrid
Laurier has received a telegram from
the mayor of Vancouver stating that
the feeling there is against Asiatics
generally and not the Japanese in par-
ticular.

It is understood that the steamer
Monteagle returned to Victoria to land
the Asiatics on board, fearing trouble
at Vancouver.

In Slam the number of rooms in a
house must always be odd. So with
doors and windows. They regard even
numbers as very unlucky.

PRELIMINARY MEETING HELD

Central American Diplomats Discuss
Plan for Permanent Peace.

Washington, Sept. 12.—Practical
agreement on the main points and
general good will marked the pre-
liminary meeting of representatives
of the five Central American republics
to carry out the suggestion of the
United States and Mexico for a perma-
nent peace understanding. After a
session of several hours the confer-
ence was adjourned until Monday.
Those who participated were: Senors
Calvo, Costa Rica; Corea, Nicaragua;
Herra, Guatemala; Mejia, Salvador;
Dr. Ugarte, Honduras; Assistant Sec-
retary of State Adey and Senor Godey
of Mexico.

None of those present would discuss
the meeting, pleading that no conclu-
sions had been reached. It was
learned, however, that the best of feel-
ing prevailed and an evident sincere
desire to reach a complete under-
standing. The only point on which
any hitch occurred was that relating
to the protocol to be signed. Two of
the representatives were without au-
thority to sign the document without
first submitting it to their govern-
ments. One of these said it was pos-
sible that this might result in some
trouble and perhaps the changing of
the protocol in some important par-
ticulars. Some delay, therefore, is ex-
pected to be caused by reason of this
fact. It is not doubted, however, that
a permanent peace pact will be en-
tered into.

"Everything was exceedingly en-
couraging," said Mr. Adey, "and the
utmost good nature prevailed."

SENSATION IN MOSCOW.

Caused by Announcement of Name of
Count Komarovsky's Slayer.

Moscow, Sept. 12.—A sensation has
been caused here by the announce-
ment that the real name of the mur-
derer of Count Komarovsky, who was
fatally shot at Vienna, Sept. 5, is
Prilumof, the Moscow lawyer who re-
cently absconded from here with his
client's funds, and not Nicholas Nau-
moff. According to the story told
here, which conflicts with other ver-
sions, Komarovsky married a vaude-
ville artiste, Madame Tarnovska, who
was Prilumof's intimate friend. Kom-
arovsky, who was a colonel of the
national guard and a counsellor of
state, insured his life for \$100,000 in
favor of the woman, who is said to
have subsequently planned his mur-
der with Prilumof. The first ac-
counts of the affair referred to Nau-
moff and Prilumof as being two men,
but it is now said here that they are
identical. The lawyer and the woman
are under arrest charged with murder.

DEFALCATION IS LARGE.

Trusted Clerk in New Orleans an Em-
bezzler.

New Orleans, Sept. 12.—A defalca-
tion in state tax collections which the
police announced amounted to at least
\$105,000 and might reach \$200,000,
was discovered Wednesday on the
books of Charles E. Letten, chief clerk
to John Fitzpatrick, state tax collec-
tor of the first district in New Or-
leans. Fitzpatrick, who was for-
merly mayor of New Orleans, has
announced that he will make good
the shortage. Letten, who is fifty-five
years old, for nineteen years has been
one of the most trusted men in the
department. Up to Wednesday night
the police had not been able to get a
trace of what was done with the miss-
ing money. Mr. Fitzpatrick after ex-
amining the books said that the pecu-
lations appear to have begun four
years ago and to have been hidden by
using delinquent taxes and current
year taxes to cover up the deficits.

ANOTHER BANK ROBBED.

Fifth Institution in Minnesota Looted
in Past Two Weeks.

Crookston, Minn., Sept. 12.—The
State bank of Hitterdahl, a small town
about sixty miles south of Crook-
ston, has been robbed of about \$425.
The robbers broke into the rear of the
bank, dynamited the safe, and after
securing the money made good their
escape.

The town was aroused by the noise
of the explosion, which almost
wrecked the building, but the robbers
evidently jumped into a wagon which
they had waiting and drove off.

This is the fifth bank robbery in
Northern Minnesota in the past two
weeks. There is no clue to the rob-
bers' identity.

Killed by a Train.

Preston, Minn., Sept. 12.—Michael
Clark, a resident of Harmony, was
killed by a train a mile and a half east
of here. The body was dismembered
and the head and trunk were found
sixty feet apart. Clark had mistaken
his way in going home.

Northwest for Roosevelt.

Washington, Sept. 12.—Senator
Moses E. Clapp of Minnesota, who is
here looking after department busi-
ness, brings the information that the
whole Northwest is afire with enthu-
siasm for the nomination of Theodore
Roosevelt for another term.

PARADE OF VETERANS

Old Soldiers Again March Be-
neath Their Battleflags.

PATHETIC, BUT MAGNIFICENT

Ten Thousand Survivors of the Civil
War March Through the Streets of
Saratoga During a Driving Rain
Storm.

Saratoga, N. Y., Sept. 12.—The
Grand Army of the Republic held its
forty-first parade Wednesday in
memory of the victims of war. Ten
thousand veterans braved a driving
storm to march again beneath their
battleflags. Unmindful of the stress
of storm, as in the days of '61 when
youth and vigor and love of the flag
knew no physical bounds, those that
were left passed in review over a
measured mile through village streets
—a distance suited to their gathering
years. Thousands of spectators with
heads uncovered watched the falter-
ing lines. The rain fell with steadily
increasing volume as the march
progressed, but through the drenching
torrents the old men kept on. For an
hour or more the veterans walked be-
tween lines of cheering people, keep-
ing step to the bands which played
"How Dry I Am," and "Wait Till the
Sun Shines, Nellie."

Governor Charles E. Hughes, his
military staff, the national officers of
the Grand Army and distinguished
visitors, stood on the reviewing stand
all the while, sheltered from the driv-
ing storm only by a flimsy covering of
cloth, through which the rain pene-
trated.

After the parade the sky cleared and
the sun broke forth. The dripping
but undaunted old soldiers found their
way to lodging places, satisfied that a
trifling rainstorm had no more stopped
them than it had in the days of war.

"I have never seen anything so in-
spiring or so pathetic," said Governor
Hughes when the last of the lagging,
dripping veterans had passed the
stand.

"When the serious consequences of
the march through the rain to many of
the veterans are considered, it is a
revelation of the courage and deter-
mination of the American people.
It should serve as an inspiration and
encouragement to us all. It was
splendid—magnificent."

Thirty-six veterans are in the local
hospital, the condition of none of
which, however, is serious. They
are nearly all men who did not take
part in the parade, but who suffered
from the exertion of walking about the
streets.

journd at Cedar Point Wednesday af-
ternoon. Boston won out for next

FARMER SHOTS NEIGHBOR

Quarrel Over Land Results in Death
of Wisconsin Man.

New Richmond, Wis., Sept. 12.—A
long-standing quarrel between neigh-
bors, two farmers named Andrew Pe-
tersen and Gilbert Shock, residing in
the town of Garfield, in Polk county,
resulted in a cold-blooded murder,
when the two men on the road near
their homes. Petersen shot Shock,
who lived but a minute or two, and
Petersen immediately gave himself up
to the authorities.

Petersen had been in Amery and
had been drinking. Driving home he
met Shock in the road near their
farms. There were some words be-
tween them over an old quarrel about
land matters, and Petersen drew a re-
volver. He fired but one shot and that
was fatal.

After the shooting Petersen went to
the home of a neighbor and told what
he had done. The sheriff was im-
mediately notified and he took Peter-
sen into custody, lodging him in the
Polk county jail at Balsam Lake.

\$5.98 — Skirts — \$5.98

Last season we sold a skirt of unusual
good value for \$5.98. It was such a
very popular number that we continue
it this fall in the late styles. The skirt
made this year is made of a very good
quality panama cloth, is pleated in the
same style as the \$10.00 and \$15.00
skirts, is made quite full, comes in
navy blue, brown and black and sells
for the unusual price of \$5.98. We
believe that in this number we are
giving you a much better skirt for the
price than we sold last season. If you
wish an inexpensive skirt that will give
you lots of service, see this number.

CZAR'S YACHT AGROUND.

Runs Upon the Rocks on the Coast
of Finland.

Hango, Finland, Sept. 12.—The Rus-
sian imperial yacht Standart, with
Emperor Nicholas and Empress Alex-
andria and their family aboard, is
fast on the rocks off Horseva point,
on the coast west of this place. The
yacht is apparently in no danger, as
the emperor and his family remain on
board.

The Standart ran upon the rocks,
which were submerged at high tide, at
4:30 o'clock Wednesday afternoon and
remained fast. A steam lifeboat was
arrived upon the scene and seven tor-
pedo boats which have been escorting
the imperial yacht on its tour in Fin-
nish waters are standing by to render
assistance if needed.

Cost of Panama Canal.

Washington, Sept. 12.—The Panama
canal cost the United States \$84,449,
000 up to Dec. 31, 1906, according to
a statement of the audited expendi-
tures just published. The bulk of
this expenditure was the \$50,000,000 to
the French company and the Panama
government for canal property, right-
of-way and franchises. Just \$3,449,
033 went for material and supplies.

WHITE'S BID THROWN OUT

Postage Stamp Bidder Fails to Get
New York City Bonds.

New York, Sept. 12.—Abraham
White, the "original" postage stamp
bidder, failed to get any of the New
York city bonds sold Tuesday, al-
though he bid for the entire \$40,000,
000 offered and put up an accepted
draft for \$800,000 as required by law.

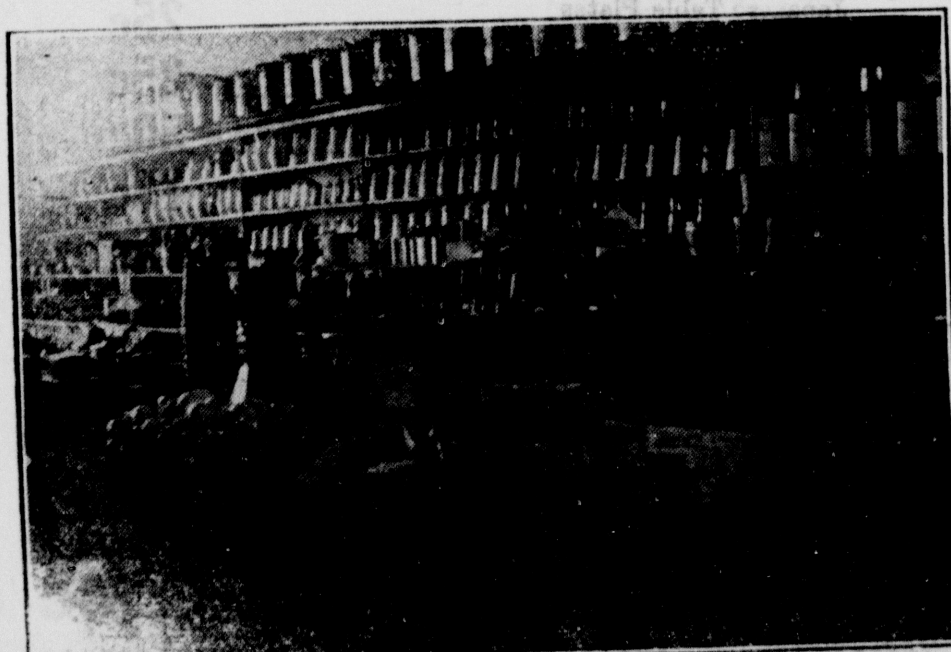

Between \$15,000,000 and \$18,000,
000 of the bonds were at first awarded
to the Abraham White Bond com-
pany, but when Comptroller Metz
presented the draft for payment
Wednesday afternoon the money was
not forthcoming and the bid was
thrown out.

The draft was drawn by the Abra-
ham White Bond company on the
Greater New York Security company
and was accepted by that institution.
Mr. White is president of the Abra-
ham White Bond company and also of
the Security company. The draft was
presented to Mr. White through the
Guardian Trust company, one of the
city depositories, and Mr. White was
given until 3 o'clock Wednesday af-
ternoon to produce the money. He
failed to do so.

Gasoline Boat Explodes.

has reached this city that a gasoline
boat, name not obtainable, exploded
on the Mississippi river about eighty
miles below the city. The report says
one person was killed and a special

THE Roosevelt boy who visited Minnesota last week did not fracture the game law and the incident seems to be closed.

THE state fair was a success, the receipts exceeding those of last year by over \$5,000. The total attendance was 235,092.

It is suggested by an exchange that the cause of race suicide is explained when it is known that in a family of average wealth it costs \$25,000 to raise a boy and \$37,000 to raise a girl.

THE dream of a four days ocean trip across the Atlantic seems about to be realized. The new liner "Lusitania" is now speeding across the sea beating 26 knots an hour and if the speed is kept up all records will be broken.

THE rates on foreign postage is to be reduced one-half after Oct. 1st. Heretofore the postage has been five cents for each half ounce on first-class matter and the reduction will cause quite a falling off in revenue at some of the larger offices. Minneapolis it is estimated will lose \$30,000 a year by the new rule. In addition the reduction makes each additional ounce three cents and a two ounce letter can be sent for eight cents instead of twenty.

NEGRO BAPTISTS MEET.

President of the Convention Opposed to Social Intermingling.

Washington, Sept. 12.—The National Baptist (negro) convention, opened here Wednesday with a large attendance of delegates from all parts of the country. Rev. Dr. E. C. Morris of Helena, Ark., president of the convention, in his annual address said that despite a few agitators who would advocate social intermingling, all intelligent, thoughtful negroes are unalterably opposed to any such doctrine and rather favor the absolute separation of races on social topics. He said that this can be done without in the least curtailing any of the civil or political rights of any man. He referred to President Roosevelt as "one who has shown by his official acts that he cannot be influenced in the discharge of his public duties by race, color or conditions of men."

He urged that negroes remain in the South, particularly in the country districts.

Too Much to Expect.

Camp Meeting John Allen, the grandfather of Mme. Nordica, was for many years a picturesque figure among the Methodist ministers in the state of Maine. He was a good deal of a wag, and his utterances were much appreciated by both saint and sinner. At one time, having gone to Lewiston to attend a quarterly meeting, he was approached in the street by several young men who were evidently out for a good time. "Camp Meeting John," said the spokesman, "who was the devil's grandmother?"

"The devil's grandmother," replied the old man in the quick, sharp tone so characteristic of his speech, "the devil's grandmother—how do you expect me to keep your family record?" —Cleveland Leader.

Peanut Meal Bread.

Peanut meal has been for a long time a staple article in the dietary of the poor classes in Spain. Bread made from pure peanut meal is light and porous, but it is said to be unpalatable because of a persistent, poppylike taste. Rye bread containing 25 per cent of peanut meal cannot be distinguished from ordinary rye bread, while far more nutritious. Skim milk cheese is the only ordinary article of diet comparable to peanut meal in its percentage of nitrogenous matter.

OIL TRUST INDICTED.

Two Railroad Companies Also Involved in Alleged Rebating.

Jamestown, N. Y., Sept. 7.—An investigation which was begun before the federal grand jury here early in July was concluded Friday and the jury discharged. The jury found four indictments, one each against the Standard Oil company, the New York Central Railroad company, the Pennsylvania Railroad company, and one against the two railroads jointly. The first three indictments contained 127 counts each and that against the railroads jointly contained 54 counts, all of them charging the accepting or granting of rebates on oil shipments from Olean to points in Vermont.

BOOKWORMS.

There Are a Dozen Different Kinds of the Borers.

"One of the queerest superstitions," says a secondhand book dealer in this city," is the idea that the bookworm commits immense ravages among printed volumes and yet has never been seen. People think it bores holes through books and eats out large cavities in the middle of a volume, then disappears, and the superstition even goes so far as to assert that the bookworm will eat a hole that would hold a marble right in the middle of a book, then vanish without leaving any exit.

"The plain truth is that almost any borer that infest wood will bore holes through books and also that cockroaches do about as much harm to books as any other insects. There are a dozen different kinds of borers that do more or less damage to books, and the reason why the insects are not more frequently caught is that they do their work and generally leave the book to enter the chrysalis state in other quarters. None of the boring worms are large, and even when a borer is actually at work the sudden opening of the book allows the insect to drop out unobserved.

"American made books, however, are very little troubled by borers. There are so many different kinds of chemicals used in the covers, bindings, paper and paste that boring insects generally get very sick at the stomach before they have made their way far into an American book. In southern Europe, however, great damage is often done to libraries not only by borers, but also by ants, which eat their way into the heart of a book and leave galleries and chambers easily mistaken for the work of the borers."—St. Louis Globe-Democrat.

Worked Both Ways.

A man who as a lodger and a boarder was not treated well by his landlady in the matter of food surreptitiously put a piece of butter into his soup. The landlady observed the act. "You do that, I suppose," she said, "because you think the soup needs strengthening?" "Well," he answered, "partly on that account and partly because I think the butter needs weakening."

Experienced.

"Have you made up your mind just what qualities you expect to find in a husband?" asked the matron.

"Why, of course," answered the maid.

"Too bad," commented the matron, with a sigh.

"Why do you say that?" demanded the maiden.

"Oh, I hate to see young girls disappointed," answered the matron.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years it was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. BOARD OF DIRECTORS

Take Important Steps at Meeting Held Wednesday Night--More Plans in the Making

The board of directors of the Y. M. C. A. met Wednesday night in regular session, which had been postponed one week, and held a lengthy meeting, taking action on important measures.

The report of Treasurer Larson showed that the financial condition of the association is gradually improving, the same fact was also indicated in Secretary Manville's report.

His report, in general, comprised the following items: W. A. Hanna, the new member of the board, has already shown an active and progressive interest in the association; the building has been cleared of a surplus of material on the second floor and is now in readiness for use. Data regarding the membership revealed progress as follows:

Membership June 3, 1907.....	201
Number expired since.....	26
Constituency.....	175
Members to date.....	230

Minor supplies and improvements were reported added.

By action of the board the following will go into effect:

Some new and special forms of work will be conducted in the Y. M. C. A. gymnasium this coming season under special rules and the efficient oversight of Rev. Chas. Fox Davis. He is given charge of this work on the merits of his past records in athletic exercises of various forms which will be safely tested in the work under the association auspices.

Action was taken with reference to the use of tobacco in any form in or about the Y. M. C. A. building, and from now on is forbidden.

The official regulation gymnasium suit is to be a white sleeveless jersey, grey pants and white gymnasium shoes for men and young men; for boys—a white sleeveless jersey, blue knee tights, and gymnasium shoes.

Other reports were made, and some matters passed upon, the board adjourning to meet on next Wednesday evening in special session.

The membership committee is outlining special work, and will meet Friday evening at 7 p. m., to develop same.

RAILROAD NEWS

The Northern Pacific is installing the block system between Carlton and West Duluth Junction and trains will be governed by it in the near future.

A Minnesota railroad claims to have found the meanest man on earth in the person of a Chicago man who stepped off a train at a station and handed a station agent a telegram which would cost to 63 cents. He gave the agent 75 cents. The agent said he had no change. "All right, that belongs to you," said the traveller. Afterwards he filed a claim with the railroad company for the seven cents.

The County Chairman

"The County Chairman," one of Geo. Ade's comedy dramas, which was produced at the opera house last night would seem to prove that high priced plays draw no better than the popular priced ones. The house was small, so much so that Manager Fox states that he fears it will cause the cancellation of the date of several good plays in the future. It is unfortunate that shows should be bunched as they have been in the opening of the season this year. There are few business men who care to go to a show oftener than once in a couple of weeks and there are few young men whose purse will stand the strain of three dollars for two seats. It seems apparently that one show about every two weeks is all that Brainerd will patronize.

The show, itself gave good satisfaction. The parts of the County Chairman and Dr. Rigby, the opposition candidate for prosecuting attorney, were played the best of any. The staging of the play was fine and some of the comedy work was good. As a picture of the intrigues of politics, when complicated by love and hate, was good. Taken all together the show deserved a much better house than it received.

"A Message From Mars"

"A Message From Mars," which has been seen here before and will be seen here again at the opera house Saturday, Sept. 14, is one of those kind of plays that provide food for thought, although it is by no means a problem play yet it deals with a serious problem—that of selfishness. The play, in fact, may be regarded as a remedy for the cure of selfishness. "A Message From Mars" is well and favorably known to theatre-goers here, it having made an indelible impression in the minds of all who saw it. It is conceded to be a play that everybody should see. Prices—Parquet \$1.50, circle \$1, balcony 75c and 50c, gallery 25c.

"The Choir Singer"

"The Choir Singer," a play with songs, is the usually attractive offering at the opera house Monday, Sept. 16. During its recent appearance in New York, "The Choir Singer" at once established itself as a Metropolitan success of the first order. An important element in the play and which in a measure accounts for its popularity with theatre-goers of all classes, is the fact that attractive musical numbers are logically introduced at appropriate times, the songs being woven into the plot which revolves around the efforts of the heroine, a young Virginia aristocrat to conquer fate and fortune by means of her vocal talents. Elaborate scenery and a large company of carefully selected Metropolitan players assure for "The Choir Singer" a thoroughly adequate performance.

At The "Unique"

"The Awkward Man" produces lots of mirth at the Unique this evening and the rest of the week. "The Pilfered Porker" and "The Starving Artist" are also strongly humorous, while "The Poacher's Daughter" is intensely dramatic and "Chrysanthemums" is a beautiful colored piece which will be a hit. Joseph Murphy will sing the illustrated song "You Don't Know How I Miss You" and the solo "I'm Sorry."

"Bijou"

The Bijou presents a strong program for the last half of the week. "Robbers Robbed" is the headliner. "Man-Hat-And-Cock Tail," and "Are You an Elk?" are also very entertaining. The solo is "Darling" and the illustrated song is entitled "Honey Time." Both will be sung by Miss Carmen Mahlum. The first performance will be given at 7:30 instead of 8 o'clock hereafter.

CATARRH IS CURABLE

Successful Experiments in Abating and Curing This Disease

Catarrh is an entirely unnecessary disease and should not be tolerated for a single day now that Hyomei is so generally known and has made so many cures in Brainerd and other towns.

Until comparatively recent times catarrh was thought to be a blood disease and stomach dosing the only treatment. Modern science finally disproved this idea of the cause of catarrh, and found that it was a germ disease and, after many experiments, the remedy was decided to be Hyomei.

Hyomei medicates the air you breathe; it kills the catarrhal germs; it heals the smarting and raw membranes of the passages in the nose and throat; it cures all catarrhal troubles.

As there is life and health in the air in the mountain-tops where the pine forests give off their fragrant and healing balsams, so there is life and health in breathing Hyomei. There is no need of suffering from catarrh if the simple and natural treatment of Hyomei is used.

So sure is this prescription to cure even the worst cases of catarrh, that H. P. Dunn & Co. sell it under an absolute guarantee to refund the money if it does not do all that is claimed for it.

Chicago Woman Admits That She Paid No Duty on Them.

Port Huron, Mich., Sept. 12.—When arraigned before United States Commissioner Harris on the charge of smuggling, Miss Anna Olsen of Chicago, who was detained by customs officers here Monday together with Mrs. Lucy Rapp and Mrs. A. Hulbert, also of Chicago, admitted that the \$5,000 contents of the three canvas trunks were smuggled goods. Miss Olsen declared that the other two women had no money invested in the goods but were only helping her with the use of their trunks. Miss Olsen said that she is in the women's furnishing goods business in Chicago and later Mrs. Hulbert and Mrs. Rapp also admitted that they are in the same business.

They have been released on their personal recognizance.

BOLD DAYLIGHT ROBBERY.

Lone Bandit Holds Up Bank Cashier at Manly, Neb.

Plattsmouth, Neb., Sept. 12.—A bold daylight robbery of the bank in the village of Manly, sixteen miles from here, occurred shortly before noon Wednesday. The lone robber got between \$2,000 and \$3,000 and escaped, but is reported surrounded in a cornfield near Murdock.

The robber entered the bank while Cashier Dish was alone. He handed the cashier a letter asking that he read it. It was a demand for \$3,000. When Dish looked up the robber had him covered with a revolver and threatened to shoot if the money was not instantly handed over. Dish gave him what currency was on the counter. The bandit hurried out, mounted a horse and escaped. Poses from this place and Murdock pursued until the man abandoned his horse and hid in a cornfield.

Our advertising manager did not know the kind of people we have in North Dakota. He told us not to expect any real interest to be taken in this contest for two or three weeks. FIVE MEN WOUNDED

Nonunion Carmen Shot by Officers in San Francisco.

FIRE UPON THE POLICEMEN

Strike-Breakers Did Not Heed Warning and Began a Battle That Resulted Disastrously for Them—All the Wounded Men Were Armed.

San Francisco, Sept. 12.—As the result of an attack made on nonunion carmen by a crowd of strike sympathizers five men were injured and are now in St. Luke's hospital. The injured are: Morris Rosenberg, non-union conductor, bullet wound in chest; Roy Perkins, conductor, flesh wound in chest; J. J. Cotter, motor-man, bullet wound in arm; Harry Cohers, conductor, bullet wound in leg; Frank Smith, conductor, bullet wound in arm.

The trouble occurred when a wrecking car of the United Railroads, on which were about fifteen men, was approaching the car barns at the corner of Utah and Twenty-fourth streets. As the car was passing a tent occupied by union pickets stones were thrown at it and shots were fired by some of the carmen, but none was hit.

The car continued on its way to the barns, where a crowd had assembled. Some of the men alighted and the trouble began. Policemen Wade, Miller and Bigelow appeared on the scene and ordered the men not to shoot. It is said that this command was disregarded, whereupon the police used their revolvers, five of the carmen being wounded.

The police report to Captain of Detectives Colby casts all the blame on the nonunion carmen. In substance it is as follows:

Shot at the Pickets' Tent.

At 11:15 o'clock at night a work car with all the lights extinguished and carrying twenty-five strikebreakers left the car barns at Twenty-fourth and Utah streets and ran down Twenty-fourth street to a switch-back at Bryant street. When passing the tent of the union pickets at Twenty-fourth and Potrero streets the non-union men opened fire, directing volleys at the tent. In switching back the car at Bryant street, half a dozen of the men were inadvertently left behind and the work car started at high speed on its return to the barn. Police Officers Miller and Bigelow, attracted by the shooting, were joined by Officer Wade, who had been stationed at the barn. The three policemen encountered at a point about 100 feet from the barn the carmen who were returning afoot.

"We were in full uniform," says Officer Wade, "and not more than 150 feet from the strike-breakers when we called to them to halt and not to shoot—that we were officers. Instead of obeying the men faced about at us and the whole bunch of them opened fire with revolvers. About fifty shots were fired at us, but none of us was hit. We returned the fire promptly and got five of them. All of the five wounded men had pistols when we arrested them."

FIFTY PERSONS INJURED.

Explosion of Powder or Gas in a Hardware Store.

Peoria, Ill., Sept. 12.—Fifty persons were injured at Toulon by the explosion of powder or gas in the hardware store of Wheeler & Co. when firemen were trying to extinguish a blaze in the basement. The explosion hurled pieces of glass, bricks and debris into a crowd of spectators. Most of the injuries were slight. The more severely hurt are:

Leonard Nelson, windpipe nearly severed by glass; may die; Anton Sunquist, ear cut off; Ollie Fomelson, cut in head; Knox Keffer, fireman, two ribs broken; Mrs. Knox Keffer, upper lip cut off.

The severely injured were taken to doctors' offices and all the doctors in Toulon worked all night dressing wounds. The fire damage was \$5,000.

THREE PERSONS BADLY HURT

Wisconsin Bankers' Auto Goes Over an Embankment.

Janesville, Wis., Sept. 12.—Walter N. Brittan, president of a bank at Beloit, was probably fatally injured and his wife and Mrs. Fred M. Strong were seriously injured when their touring car fell over a 25-foot embankment. Fred M. Strong, also a bank president, escaped by jumping.

NO ANTI-JEWISH OUTBREAK

Report That Eighty Jews Were Killed at Kishinev Is Denied.

St. Petersburg, Sept. 12.—A telegram from Kishinev advises that the statements made by the Russians arriving at the Roumanian frontier of an anti-Jewish outbreak in that city in which eighty Jews are said to have been killed are without foundation.

Mining Company Robbed.

Deadwood, S. D., Sept. 12.—By an organized system of robbery Ervin M. Hilton, a trusted employee, and others for whom the officers now are looking, it is charged, have succeeded in stealing an unknown sum from the Golden Reward Mining company, of which E. H. Hartman, the railroad magnate, is a large owner. Hilton is under arrest. When confronted with evidence, it is alleged, he broke down and confessed, implicating others in his operations.

FIRST OFFICIAL RECORDS.

Made in Baseball Events Held at Cincinnati.

Cincinnati, Sept. 12.—The first official baseball records were made here Wednesday in the "bowlers' day" baseball field events at League park. Five events were decided and while none of the records equalled the unofficial marks of bygone days, it is safe to say that they will stand for some time. The main feature was the performance of Sheldon Le Jeune of Springfield, O., who threw the ball 399 feet, 10 3/4 inches, coming within two inches of the record made by Hatfield in the early eighties. Mitchell of Cincinnati, Gibson of Pittsburgh, Thoney of Toronto, Le Jeune of Springfield, and Clements of Jersey City were the winners. Each received \$100 in gold and a handsome medal.
